6 ft x 4 ft TEAM BANNER Options www.vsnmichigan.com/wholesalefall2020

"Socially Distanced" = Team Members Digitally Composed Into Team Photo

- VSN is not charging extra for this compositing service. NO additional costs are being passed onto schools or parents.
- Each athlete, coach and manager from a team must be photographed at one scheduled photo appointment.
- Each person will be ALONE on a "chroma key background" that allows VSN to "cut" each person off the background.
- Each team will visit the green screen background at an outdoor, central location on school property (for example, the stadium).
- This process should not take any longer than the time normally used to assemble a team photo, and in some cases, less time!
- Coaches, please exercise flexibility + schedule on dates when other teams are being photographed, as VSN must limit visits.
- The design will look similar to this team below, customized with each school's colors, logo, text, and team name.

Individual Athlete Photos

- Images for parent orders will still be photographed on the field. If field access is not possible, VSN will photograph athletes for parent orders on the "chroma key background" and use a special individual background designed for your school.
- The photographers are paid with proceeds from parent orders, so please make sure to promote photo ordering to parents through emails + social media posts, sharing the online order link www.vsnmichigan.com/preorder and distributing order forms.

VSN'S MASK AND SOCIAL DISTANCING REQUIREMENTS: Asking for YOU To Help Stop The Spread:

- VSN has rules to keep their photographers safe and healthy so VSN photographers can serve all of their schools this fall.
- **VSN Request For COACHES:** Provide three sterilized game balls + a coach to stand with athletes getting their photos taken to re-sterilize the ball to give to the next player in line so more than one player is prepared with a ball for their photo.
- RESPECT photographer's perimeter of space. VSN photographers will wear masks, social distance and have sanitizer.
- Parents should try to ORDER ONLINE www.vsnmichigan.com/preorder, but PRINT A RECEIPT to hand to the photographer.
- **Athletes MUST wear MASKS when not in front of VSN's camera.** Athletes must leave area upon completion of their photo.
- **SOCIAL DISTANCING IS REQUIRED:** Athletes should use lines in the field or pavement to form the line for photos.
- Only coaches, managers + athletes are allowed at photo day. Sorry, **NO PARENTS** are allowed..
- **NO OTHER PHOTOGRAPHERS other than VSN staff** are allowed to take photos during your VSN Photo Day.
- Email requests for other groups (such as seniors) that parents want to order or groups needed for a printed program.
- **REINFORCE SAFE PRACTICES::** Remind students NOT to take **SELFIES** without masks/distancing to post to social media.
- Thank you in advance for **NOT putting your VSN photographers in an uncomfortable or unsafe working environment!**
